

Pro Bono Grant Application

Avalere Health Advisory is offering a Pro Bono grant to support qualified organizations dedicated to improving healthcare delivery, access, and outcomes. This grant provides access to pro bono consulting services from Avalere Health Advisory's subject matter experts.

At Avalere Health, we are driven by our mission to reach **EVERY PATIENT POSSIBLE**. Our Advisory, Medical, and Marketing capabilities move as one, ensuring every patient is identified, supported, treated, and cared for. Equally.

Avalere Health is a global strategic partner, perfectly formed to solve the biggest challenges in health—at pace and at scale. We are united across the product lifecycle, uniquely positioned to understand every angle of life, health, and the human condition. Partnering with our clients, we are building a world where healthcare is not a barrier. And no patient is left behind.

Application Details

Apply now to be considered for Pro Bono support from Avalere Health.

- **Application Deadline:** Friday, October 17
- **Application Length:** Maximum of ten pages
- **Evaluation Criteria:** Applications will be selected based on:
 - **Impact on Underrepresented Populations:** Addressing an underrepresented population, client sector, or disease state.
 - **Public Reach:** Opportunity to increase impact or adoption through highly public or significant work.
 - **Promotion of Health Equity:** Potential to advance health equity, improve access to healthcare, or enhance health outcomes for individuals.
 - **Relevance to Avalere Health's Mission:** Alignment with Avalere Health's mission to ensure that every patient is identified, supported, treated, and cared for equally.

Note: As with all projects performed by Avalere Health Advisory, we will only perform objective, data-driven analysis, research, or consulting. While Avalere Health Advisory is willing to consider projects with public-facing deliverables, we will not undertake any lobbying activities, including any project that will require Avalere Health or any of its employees to register as a "Lobbyist" under the federal Lobbying Disclosure Act or similar state laws. Any public-facing deliverables will require Avalere to retain editorial control and will not include specific recommendations, advocacy, or endorsement of any specific policy position. All deliverables and research will maintain objectivity and must be neutral in tone.

Selected applicants will be required to sign a contract outlining the terms and conditions governing the services provided by Avalere Health before any services are rendered.

Section 1: Organization Details

- Organization Name:
- Organization Website:
- Submitter Name:
- Submitter Title:
- Submitter E-mail:
- Is your organization non-profit or for-profit?
- Have you previously partnered with Avalere in any capacity for a project? If so, please specify.

Section 2. Details of Organization Pro Bono Request

Organization Overview:

- Please provide a brief overview of your organization, its mission, values, and target population(s) served.
- What specific healthcare challenges or needs is your organization currently facing that you believe could benefit from Avalere Health's subject matter expertise?

Project Details:

- Outline the scope of work or project for which you are seeking pro bono assistance. Please include any specific deliverables or outcomes you hope to achieve.
- Is this follow-on work to a prior organizational project or is this a new project?
- Are there any timeline constraints or deadlines critical to this potential engagement?

Project Impact:

- How will the outcomes or recommendations generated through our pro bono engagement be implemented or integrated into your organization's operations or programs?
- What would a successful partnership with Avalere Health under the pro bono grant look like to you upon completion?
- Avalere Health strives to reach EVERY PATIENT POSSIBLE. The purpose of this pro bono grant is to expand Avalere Health Advisory's ability to support mission-driven organizations and important projects to improve patient lives, give a voice to under-represented populations, or improve overall healthcare quality. Please briefly describe how this project will make a positive impact:

Section 3. Additional Considerations

- **Is there any additional information or context you believe would be helpful for us to know when considering your organization for pro bono consulting support?**
